Unmanned Cargo Aircraft Conference

Unmanned Cargo Aircraft changes the logistics value chain

This 2nd USA edition of the Unmanned Cargo Aircraft conference organized by [Jakajima](#) will be hosted by **Greenville Confention Center, North Carolina, USA** and supported by [Platform Unmanned Cargo Aircraft](#).

Unmanned Cargo Aircraft (UCA) get more and more attention. UCA offer the potential to transport loads of 1 kg. to 10 tons or more over both short and long distances, on routes that are unfeasible or uneconomical for other modes of transport.

Scope: The Conference aims to bring together manufacturers, operators, knowledge institutes, consultants, shippers and government organizations active in the upcoming field of unmanned cargo aircraft.

Unmanned Cargo Aircraft Conference

It is a unique opportunity to exchange ideas and network with this pioneering community of unmanned cargo researchers, engineers, business developers and end-users.

- ▶ **Day 1** (September 10, 2019) UCA Conference and exhibition in Greenville Convention Center, Greenville, North Carolina (organised by Jakajima)
- ▶ **Day 2** (September 11, 2019) demo flights at GTP Kinston / visit US Cargo Systems (organised by GTP / US Cargo systems in collaboration with Jakajima)

Target group: Shippers | Carriers | Research institutions | Military | Aircraft manufacturers | System Integrators | ICT suppliers | Logistic service suppliers | Entrepreneurs | Investors | Airports | Governmental Institutions | Cargo Companies | Fulfilment companies | Retailers | E-tailers | Consultants | Air navigation service providers | Civil aviation authorities | Data and software providers | Infrastructure operators | Telecommunication companies

Focus topics of the conference

During the conference, internationally renowned speakers will introduce UCA development projects and potential applications.

Topics:

- ▶ UCA business models: how to earn money with UCA?
- ▶ UCA configurations: what could – and should – UCA look like?
- ▶ Last Mile delivery
- ▶ Urban space delivery
- ▶ Medical supply drones
- ▶ Regulation: where are UCA allowed to fly, and under which conditions?
- ▶ Societal benefits: what can UCA contribute to economic and social development?
- ▶ Industrial participation: how can UCA contribute to innovation and what opportunities do they generate for new enterprises?
- ▶ Market analysis
